H. W. WOOD TO TAKE HAND IN ELECTION FIGHT IN COCHRANE

President of U.F.A. Says Government
Members Have a Wrong Viewpoint
of Movement.

H. W. Wood, president of the U.F.A., will address a series of meetings to be held in the provincial constituency of Cochrane this week under the auspices of the district political executive, which met in the Loughheed building yesterday afternoon. Mr. Wood's statement to the "Albertian" in announcing his intention to speak, was as follows:

"The U.F.A. political movement is organized and is a self-governing organization. As president of the U.F.A. I am in no way officially responsible for the management and conduct of the movement. However, I have been invited by the executive committee in charge to address a series of meetings in the Cochrane district, primarily for the purpose of explaining just what the government means and I am very glad to avail myself of the opportunity to do so to spend the next week in the district. I do not care to discuss any of the issues raised in the last few days by members of the present government, but will say that they seem to have an entirely wrong viewpoint of our movement and what we hope to accomplish."

O. L. McPherson, of Vulcan, who is president of the U.F.A. Political Association for the province, informed the "Albertian" that he had received an invitation to speak in the Cochrane constituency, and that it was not the policy of the members of the executive to interfere in any way with the district organization. He said he had made no plans to speak in Cochrane, and so far as he knew at the moment, would not do so. He said, however, that the political wing of the movement, made a statement of a similar nature. He said that as the political organization was self-governing in each constituency, no member of the central executive would take part in a district election except upon invitation of the district executive.

CORRESPONDENCE

Christian Science Committee on Publication,
208 Williamson Bldg.,
Edmonton, Alberta.

October 18, 1919.
Editor, The News,
Red Deer, Alberta.

Sir—
A clergyman whose remarks were recently published in your paper admits that many wonderful cures have been effected by Christian Science, and that this teaching contains many excellent things. To that extent he is quite correct, and his expression of these self-evident facts is commendable. On the many other points to which he refers, however, he is misinformed and mistaken.

He says, for instance, that Mrs. Eddy "cultivated two of her husbands and was divorced from the other." The latter part of this sentence is untrue. Mrs. Eddy divorced her second husband on a Christian basis. She was not divorced by him, as the critic intimates.

He further says: "It (Christian Science) made no contribution to the relief of distress in the war." This positive misstatement is made either in total ignorance or disregard of the facts. The amount disbursed from the War Relief Fund of the Mother Church in one year alone (the year ending May 31, 1919) was \$1,209,947.77. The work of the Christian Scientists in aiding the sufferers from the Halifax disaster is well known to the people of Canada. The Mother Church in Boston, promptly on hearing of the disaster, equipped a special train and took to the sufferers much needed relief. \$17,492.55 of the above total was paid out in relief of Halifax sufferers.

The aid extended to Armenia, Syria, Belgium, Poland, Rumania and other countries by the Committee Forwarding Committee (Christian Scientists) and other philanthropic agencies of the Mother Church, is also well known. The work done by the Christian Science Camp Welfare workers the healing of the sick and the binding up of the broken-hearted, have been such as would gladden the heart of any religious denomination. This work is its own eloquent testimony, and needs no elaboration. If a critical friend had sought correct information on this subject, he should have saved himself the unprofitable task of misstating self-evident facts. The critic says: "Why material substances in the form of food should be necessary to sustain life, and material substances in the form of drugs should never be necessary to restore life to normal health, is a problem I am unable to solve." Christian Science solved this problem. Christian Scientists accept the satisfying solution afforded by the Master, and are seeking to conform their lives to the demands of his teaching. They are continually emphasizing the supremacy of spirit. He said: "Labour not for the meat which perishes, but for the meat which endures unto everlasting life." The Master saw clearly, however, that in taking the necessary human footsteps

ELECTIONS IN ONTARIO

The returns from the elections in Ontario yesterday showed that the United Farmers had stepped to the front and had elected more members than either of the other parties.

The results so far as known are as follows:

United Farmers	42
Conservatives	27
Liberals	28
Labour	11
Independent	1
In doubt	1

Total 111
Sir William Hearst, premier, in conceding his defeat at the Soo by the Labor candidate, practically admitted that the United Farmers would have considerable to do with the formation of the next legislature. Their prospective candidate, he said, would be difficult to determine.

He declined to concede the defeat of the government.

WONT CONSIDER DEFEAT
The Mail and Empire, chief conservative organ, at a late hour, refused to concede the defeat of the Hearst government. The Toronto Star, which supported the Hearst party, admitted its headlines at 11:30 that the government of power was in the hands of the U.F.O.

MINISTERS DEFEATED
Most of the Conservative ministers that down to date with Sir William Hearst. Hon. W. D. McPherson, provincial secretary in Northwest Ontario; Hon. T. W. McGarry, provincial treasurer, in Southern Ontario; Hon. J. P. Lacombe, in Center Grey; Hon. H. F. McFarland in Elgin West; most of them by their opponents in their respective ridings. Hon. Dr. Coady, returned to his constituency in Northeast Ontario, and Hon. A. E. Ross, who was likewise returned without a contest, in Kingston. Hon. George Henry, minister of agriculture, and Hon. Howard Ferguson, are the sole survivors of the cabinet rank as the result of the elections today.

R. Bruynseraede, D.L.S., has purchased Geo. White's farm east of the city, and has moved to the farm, where he will reside in future.

Mrs. George Marwood, of Maple, Ontario, sister of Mrs. T. Rickford, of Balmain district, and Mrs. Bulford, of Condon, died at her home on Saturday, October 18th, aged 60 years. She leaves a family of six children, besides her husband, to mourn her death. She also leaves three brothers in Ontario.

Prot. H. H. Gaetz and his son, Howard Ruskin Gaetz, of the University, were home for Thanksgiving, together with Mr. and Mrs. Doherty of Edmonton. Miss Cole, of Canmore Normal School, was also here. Miss Cardwell spent Thanksgiving with her sister in Ponoka, and Miss Gladys Dymes, of Canmore, with the guest of her sister, Mrs. J. M. Campbell.

Donald Smith's sale at Svaria last week was a big success, realizing nearly \$9,000. If darkness had not closed the door, over \$10,000 would have been the result, as there was not time to sell everything. O. M. McNeill, the new proprietor of the farm, moved on to the premises at once seven carloads of stock and implements. Mr. Neffman, from Dundurn, Sask., has a family of six sons and one daughter. He brings with him about ninety head of fine white-faced cattle, and thirty head of calves. He will make an ideal citizen for Red Deer district.

GARD OF THANKS.

Mr. Adam White and his sisters, the Misses White, wish to thank their friends and neighbors for their very practical and helpful sympathy following their late bereavement.

toward the higher understanding of spiritual reality, it is more reasonable to eat than to starve. Hence we find Him preparing food for His disciples. But it is to be noted that Jesus recommended the use of drugs, nor employed them in His healing practices. He gave his purely spiritual method, and for the disciples to use one sufficient method of healing required by humanity.

The early disciples of Christ Jesus did not at once attain to his degree of perfection in healing, as evidenced by their failure to heal the lunatic boy, for example. We do not, however, hear sermons denouncing the disciples for this lack of success. Yet it would be just as proper to denounce the disciples on that ground as it is to denounce Christian Scientists today if they do not succeed instantaneously in every instance. The method laid by Christ Jesus is infallible. Christian Scientists have used the method to the world, and revealed its science. Christian Scientists are honestly, earnestly and modestly pursuing their ministrations with moderate and increasing success. Hasten the day when our clerical brethren, instead of opposing and criticizing those who will more clearly recognize their own duty to heal the sick in obedience to the commands of the Master.

Sincerely yours,
FREDERICK B. BIGGINS,
Christian Science Committee on Publication.

MASONIC MEETINGS

W. J. Botterill, Grand Master of the Masonic Order in Alberta, returned last week from a fraternal visit to lodges in the southern part of the province. He was struck by the optimistic spirit and the whole-hearted welcome extended to him by the brethren, and the strong support given the movement to raise a \$100,000 fund to be devoted to the support of widows and orphans of brethren killed in the war.

The Grand Master will hold meetings in Central Alberta this week, and a cordial invitation is extended to all Masons to attend a Lodge of Instruction at Lacombe on Thursday, October 23rd, and at Didsbury on Friday, October 24th. Many matters pertaining to the craft will be discussed, as well as a friendly fraternal visit with brethren. The Grand Master is particularly anxious to see his home district well represented at the evening meetings, if not in the afternoon, as those attending the meetings will be sure of a good time.

CHURCH NOTES

Baptist Church, 11 a.m.: The Book of Declaration, 7:30, Prof. and Mrs. Poplar Ridge at 3:00. Special service for young people. Wm. Griggs, minister.

On Wednesday, October 29th, a special conference will be held at Horn Hill Church in connection with the national campaign. Addressing and evening sessions will be addressed by Rev. G. W. Webber of Olds, Rev. G. E. Graham of Delburne, and Rev. J. P. Woodworth of Red Deer. All are cordially invited to attend this special rural circuit institute.

Services in connection with the Red Deer East Methodist Church will be held next Sunday at Clearview at 11 a.m.; Horn Hill 3 p.m.; Springfield 8 p.m. Preaching by Rev. J. P. Woodworth, who will speak in behalf of the inter-church campaign.

On November 5th there will be a card party, large and free hundred, to be followed by a dance, in the Parish Hall. Admission 50 cents.

RECTOR FOR ST. LUKE'S.

At a meeting of the vestry of St. Luke's Church on Wednesday evening of last week, a unanimous invitation was extended to Rev. John R. Gration, rector at Enderby, B.C., to become rector of St. Luke's Church, Red Deer. Mr. Gration was in the city and attended the meeting. He is not a stranger to Red Deer district, having lived here for a number of years, and is well known to a number of old timers. He will come to Red Deer just as soon as he can be relieved of his present parish, which, it is hoped, will only be a week or two.

W.C.T.U. NOTES

The executive of the W.C.T.U. met at the home of Mrs. J. McMillan on Saturday evening, October 18th, to appoint superintendents of the various departments, with the following results:

Evangelistic—Mrs. Houston.
Moral education and mothers' meetings—Mrs. Moyes.
Press work—Mrs. Seanecke.
Flowers, fruit and delicacies—Mrs. Harey and Mrs. Seanecke.
Social—Mrs. D. J. Wallace.
Medical and scientific temperance—Mrs. F. W. Gaetz.
Travelers' aid—Mrs. Stanway and Mrs. McGivray.
Medal contest—Mrs. McLevin and Mrs. MacGregor.

Farmer meetings—Mrs. Young.
Canadianizing the foreigner—Miss Armstrong and Mrs. Seanecke.
Legislation and petitions—Mrs. Galbraith.

Lumber camps and miles—Mrs. McBride and Mrs. Bannerman.
Carried on motion of Mrs. F. W. Gaetz, the meeting adjourned in order to supplement our funds. A collection be taken at each meeting when refreshments are served.

On November 5th there will be a card party, large and free hundred, to be followed by a dance, in the Parish Hall. Admission 50 cents.

THE END OF A PERFECT DAY

At the Lyric Theatre, tonight, Wednesday October 22nd, a company carrying only the highest endorsements of theatrical critics and producers, will present "The End of a Perfect Day," known throughout the country as one of the most interesting comedy dramas up to this time, offered through theatrical booking agencies. It is even more popular than "Peg O' My Heart." That gives you the idea of its charm and attractiveness. It is brim full of clear lines of Irish wit and funny situations.

This production is put out by the Colonial Comedy Company, Limited, managers and producers of strictly high class plays. This company exercises exceptional care in selecting the cast of its shows. It is not only the part which they are assigned. Miss Camille Purdy, who is assigned the part of "Paddywack" in "The End of a Perfect Day" is known throughout theatrical circles as a most attractive and finished actress. She has made a wonderful hit at "Paddywack," the orphan Irish girl who combats numerous attempts of being robbed of the pittance left her by a kind and affectionate grandfather.

The scenes, which are most beautiful, are laid in England and true to the life of the Mother country. The company carries all its own scenes and settings and will be presented here in full.

DEATHS

THORN—At the Memorial Hospital, on Friday, October 17th, (Capt.) Edward Thorn aged 75 years. The funeral service was held at the funeral home on Saturday morning at 10 o'clock, Sunday afternoon at 3 o'clock, conducted by the Rev. H. C. Suter, and the remains were forwarded on Tuesday morning to his home in Windsor, Ont. where interment will take place. Phone 61.

Mrs. E. Plumb, of Blackheads, who recently passed through a serious operation at Calgary, is home again, and is improving every day.

Miss Day, of St. Thomas, Ont., who has been spending the past few months with her brother, J. P. Day, and Mrs. Day, left last week for the east.

E. J. Ramsey & Son have a car of Cardiff King Coal ready for prompt delivery. Customers should prepare for the threatened coal shortage. Order at once.

Mr. H. J. Snell returned from Toronto last week, where he has successfully completed a post-graduate course in Optometry at the Canadian Ophthalmic College.

James Sveinrud returned to his home at Rocky Mountain House recently, where he will remain this winter after spending six years in the United States and overseas.

James Mann, who has a good position in Edmonton, was home for Thanksgiving. He is planning to move the family to that city. Mrs. Mann is leaving with her family probably today. They are taking a car of household goods with them.

The Great War Veterans' Association will be grateful to anyone having any old books or magazines which they are willing to donate for use in the G.W.V.A. club rooms, if they will communicate with the Sec'y-Treas., or phone 332.

T. Harold, and Douglas Simpson passed their university matriculation examinations at the University of Alberta. Miss Alpha Arncliffe, Colvin Gladys Frances, Dorance, and Ernest George passed one or more special matriculation subjects.

The G.W.V.A. Red Deer Local, will hold a grand Masquerade Ball in the Armories on November 11th—anniversary of the signing of the Armistice. There will be six handsome prizes, namely: Best dressed lady and best dressed gent; best comic lady and best comic gent; original lady and best original gent. Be sure and keep the date open.

T. H. Fawcett, several years linotype operator at the News office, left on Saturday last, with Mrs. Fawcett and their three children, for Atlantic City. He has taken a position with the Nelson News. The News regrets Mr. Fawcett's decision to remove from the city, as he was a most competent operator, but, owing to his wife's health, he thought it advisable. He was a most active member of St. Luke's church choir, where he will be missed. The male members of the choir presented him with a pipe on the eve of his departure for B.C.

LOCAL NEWS

Remember the Alexandra Club dance on Friday night.

If you want a good suit of clothes, call on Fulton. He leads in all lines.

Constable N. R. McDonald, of the Alberta Police, Nordberg, was in Red Deer last week.

Mrs. George M. England left last week to spend the winter with her parents at Chibougamau, Alta.

Mr. and Mrs. G. H. Lindsay returned to Edmonton on Thursday morning via Canmore on Saturday evening.

An Eckville correspondent reports a lot of potatoes frozen in the district, as farmers were too busy to dig them.

The Alexandra Club are holding a dance in the armories on Friday night with Trainor's orchestra in attendance.

The Alexandra Club are holding a dance in the armories on Friday night with Trainor's orchestra in attendance.

The Alexandra Club will hold a public dance in the Armories on Friday, October 24th. Keep the date open.

The Alexandra Club are holding a dance in the armories on Friday night with Trainor's orchestra in attendance.

Mrs. K. M. Byers left last week for Kalamazoo, Michigan, and other eastern points, where she will visit until Mr. Byers gets settled.

Mrs. E. Plumb, of Blackheads, who recently passed through a serious operation at Calgary, is home again, and is improving every day.

THE HOUSE NEXT DOOR

Edwards had rented the back suite of rooms on the second floor of the old-style house on Irving place where they promised complete isolation and security from interruption. It would take at least four weeks to revise the "Compendium" and he could not afford to leave town.

"Well, there isn't a soul to disturb you here, sir," Mrs. O'Brien promised him. "Sure, anybody that can get away this kind of weather is bating it for the seaside, and then that's left haven't got the strength to make any noise. 'You'll have the place to yourself!'"

Fortified by her assurance he had moved in and had found it a haven of solitude for the first week. Then on the second Monday morning, just as he had settled himself to work in the narrow glass-enclosed porch that ran across the back of the room, he heard an amazing sound. High and shrilly sweet it arose from the yard, and then, above the small voices there was a clear soprano leading.

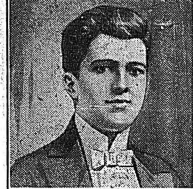

"Here come three kings, a'roving, a'roving, a'roving.
Here come three kings a'roving,
With a rancey, tancey, tancey."
Edwards pushed back his tortoiseshell rimmed glasses irritably and strode to the window. Down in the adjacent yard he beheld a ring of about eight youngsters holding hands and dancing back and forth as they sang. A great table stood under the sumac tree, with eight small painted chairs around it, and one large willow armchair. Standing up was the manager of the enterprise, undoubtedly, she was about eighteen, with smooth brown hair pushed back from a low, broad forehead, and brown eyes that drooped at the outer corners wistfully, at least so he thought at first glance, and softened his intent. She wore blue linen, and all during that first morning Edwards found his thoughts straying from the "Compendium" to the group in the yard below. He had not dreamt there could be such complexities to mere child training. Before he realized it he was smoking before the windows, staring down with frank interest at the disturbers of his peace.

"And don't that beat all," Mrs. O'Brien exclaimed when she brought up his noonday tray and witnessed the invasion. "The house belongs to old Miss Stafford and she goes in for this social settlement work. You know what I mean?"

"I know it well," answered Edwards. "Well, once before in the summer she had a day nursery in her house

THE DAILY MISERY OF ILL-HEALTH

Three Years of Suffering Quickly Relieved by "FRUIT-A-TIVES"

MR. GASPARD DUBORD

159 Avenue Plus IX, Montreal.

"For three years, I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a physician and took his medicine and faithfully carried out his instructions; but I did not improve and finally the doctor told me I could not be cured. At this time, a friend advised me to try 'Fruit-a-tives' and I did so. After taking two boxes of 'Fruit-a-tives', I was greatly relieved; and gradually this marvelous fruit medicine made me completely well. My digestion and general health are splendid—all of which I owe to 'Fruit-a-tives'."

GASPARD DUBORD.
Box 6, for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

and all the neighbors complained about it and then she handed it over to convalescent soldiers for awhile and now look what she's got in there. It's a backyard kindergarten, ain't it?"

"It appears to be, but I don't think I shall mind it. Who is the teacher?" Mrs. O'Brien gave him a swift, suspicious look, knowing as she did the susceptibilities of the masculine mind, but Edwards went on eating placidly, and she told him what she knew. The teacher had sent over to borrow some matches the first day she was there, and her name was Miss Stearns—Eleanor Stearns—that

was it—and she said she was from Dakota.

"And what was she doing down here I asked her," added Mrs. O'Brien, and she said she'd come to go to college, and in the summer it was too expensive to go home, so she was doing this work to tide her over. If the bother you, Mr. Edwards, I'll put in a quick complaint and chase out the whole bunch."

But Edwards assured her there would be no need. And mornings he would flutter about like butterflies under their wings. Then, again, they would have a story day, and gather gravely round him under the tree, or else they would dig along the borders, and try to coax the nasturtiums and sweet peas to brace up and bloom right. It seemed that she was living in the house all alone except for the caretaker and at night he saw a lone light in the second floor back room that he knew must be hers.

Perhaps even he had not realized how that little daily group had woven itself into the fabric of his personal happiness until he missed it one day, and Mrs. O'Brien told him that Miss Stearns was ill in the old house.

"Sure she's gone and visited around in them families, and caught something, measles, I think it is, or maybe it's worse. And not a soul to do for her, and who the devil's going to, she don't know. Old Miss Stafford's gone to some rest place in the mountains and nobody knows where the girl's folks are. She'll have to go to Bellevue, I told her, and I'm going to call up the ambulances now."

"No, you're not, Mrs. O'Brien," Edwards ordered sternly. "I'll take the responsibility of providing for her in the interests of—of humanity." It seemed a good explanation to himself as well as to Mrs. O'Brien. Not once did he go into the house next door, but he footed bills for two trained nurses, a doctor and a cook, and Mrs. O'Brien acted as guardian angel until there came a day when Edwards received a summons to attend the convalescent in the garden.

"I had to tell her everything," Mrs. O'Brien told him innocently. "She's the kind you can't deceive." He found her alone, sitting in the big willow chair, in a new gray silk kimono, embroidered in bluebirds and sprays of cherry blossoms. She held out her hand to him shyly.

"Oh, Dr. Edwards, I didn't know you lived next door," she exclaimed. He sat down beside her, smiling guiltily, telling her how Miss Stafford had lured him to the old neighborhood because it was quiet. And then they both were silent struck by the same suspicion. Up at the university classes had Miss Stafford noticed the doctors eyes lingering on his most attentive student, or heard Eleanor's pride of him? Had she deliberately called on promptly to close the deal? As Mrs. O'Brien would have said—

"I never can repay you for all your kindness," Eleanor said softly. "It was wonderful of you. Why did you do it?"

"I think I must be like your kiddies," he said, gently. And sang under his breath the words of the game they had first played under the sumac tree.

"I'm moving here to get married, married, married."

Mrs. O'Brien came to the window to shake a table cover and retreated hastily at sight of the two.

"The old schemer," she laughed to herself. "Ain't he the wise one, planning to get her all this time, and me thinking he was one of them troubling philanthropists."

Arrangements have been completed by the Southern Alberta committee of the Victory Loan of 1919 for an essay contest among students in all the high schools throughout the southern territory, for which valuable prizes and medals are offered. The object of the competition, besides helping on the Victory Loan, is to stimulate an interest among young people in the financial affairs of Canada, and promote a general knowledge of the country's business affairs.

In order to interest the high school students of southern Alberta and give them reliable information regarding Canada's financial achievements during the war, and her present needs, a booklet has been prepared especially for use by high schools. It is entitled "The Bridge from War to Peace—Victory Loan 1919."

SUGGESTION FOR ESSAYS
The suggestion is being made to all high school principals that the regular school essay for November be set on the subject, "What Victory Loans Have Done and Will Do For Canada." All essays should be written as far as possible between October 27 and November 14, and all must be completed and handed in for examination not later than November 15.

The committee in charge of the Victory Loan in the southern Alberta territory is offering prizes for essays on the above subject for each high school as follows:

1. A first and second prize for grades 9 and 10.
2. A first and second prize for grades 11 and 12.
The first prize in each case will consist of a silver medal, and the second of a bronze medal. Essays will be judged in each case by the principal, and two others to be selected by him. Where the number of pupils in grades 9 and 10, or 11 and 12 is under 10, only a first prize will be awarded. Prize essays from schools, with a statement of the names of the authors, must be in the hands of Ernest Wills, chairman of the Southern Alberta publicity committee, Southern chambers, Calgary, not later than December 10th.

VICTORY BONDS AS PRIZES
Prizes will also be awarded for the best two essays in each grade as follows: First prize, a \$50 Victory bond; second prize, a \$25 war savings certificate. These prizes will be personally presented by his honor the lieutenant-governor.

The prize winning essays from the various schools of Southern Alberta will be read by a committee selected by the Victory Loan committee as soon as possible after Jan. 21, 1920. Pupils are urged to read carefully the booklet supplied, and to secure all help possible from other Victory Loan literature which may be available; and also by discussing the subject with their parents and friends. Both matter and form will be considered in awarding the prizes.

Winners of the Southern Alberta prizes, residing outside Calgary, will be furnished with a free return trip ticket to Calgary in order that they may personally receive the prizes from the hands of the lieutenant-governor.

TWO POUNDS OF METAL TAKEN FROM STOMACH
Boston, Mass., October 15.—Discovery of a "human junk heap" was announced by officers of the house of correction at Deer Island today. Chas. W. Buzzell, of Montreal, serving a sentence of one year for forgery, complained of indigestion. A surgical operation resulted in the recovery of two pounds of miscellaneous articles from his stomach.

The collection, Dr. L. C. Rockwell said, included parts of a dog chain, two foot long, a safety razor blade, nearly whole; a suspender buckle and 19 fragments of pieces of glass, staples, nails and screws. Relieved of these substances, Buzzell has almost entirely recovered, it is said. The prisoner had been accumulating the collection with suicidal intent, according to Rockwell, since last December. He had previously made a similar cumulative attempt to end his life, but it was frustrated by an operation performed in New York, he said. Buzzell told the surgeons that he was a former clergyman, having held a position in Canada and had been convicted on worthless check operations in many places.

Look to the Future

Begin with the Boys

THE glorious victories of Drake and Nelson were destined to be the foundation of our Empire and the guarantee of the freedom of the seas, which makes possible the vast international trade of Britain and her Dominions.

And yet when Drake and Nelson chose the sea as their life-work, who was there to know what would be the overwhelming consequences of their decision?

AIMS OF THE NAVY LEAGUE OF CANADA
To emphasize Canada's opportunities and responsibilities in the sea.
To raise funds for the relief of our merchant seamen, injured in the war, and for dependents of those who were killed.
To maintain sailors' homes in our ports.
To train boys and young men for our merchant ships by the organization of Boys' Naval Brigades.
Patron: H.R.H. THE PRINCE OF WALES
Dominion President: COMMODORE ARTHUR JARVIS

Today, if you have any question in your mind as to whether you should support the work of the Boys' Naval Brigades, study the matter with an eye to the future. Get clearly in mind the tremendous importance of Canadian products reaching foreign markets, which can only be assured by the building of a great Canadian Mercantile Fleet, manned with Canadian Seamen!

We may build ships by the thousand, but if we cannot man them ourselves our position is still economically unsound. If we do not train Canadian lads to man our merchant fleet, we shall be left behind in the race for export markets—we shall have missed the greatest opportunity for trade expansion in all history!

What will YOU do to help some Canadian boy who is anxious to learn seamanship, and so be of the greatest service to his country?

Let your contribution to the fund be a worthy answer. Help them by giving!

"Thank God I have done my duty!"

GOV'T. EXPLAIN
POSITION OF
GRAND TRUNK

Acquisition Declared Necessary For
Economic Operation of Present
Government Lines

Ottawa, October 15.—A motion for consideration in committee of the whole of Dr. Reid's resolution respecting acquisition of the Grand Trunk was brought forward in the house this afternoon. Immediately there was opposition from the liberal side of the house and a vote on the motion was challenged.

The motion to go into committee was carried on a party division of 58 to 32, government majority of 26. Members on the cross benches, including Hon. T. A. Crerar, voted with the government.

When the motion was announced Mr. J. E. Armstrong, West Lambton, rose to say that he had paired with the member for Prescott and in voting on the motion had done so through error. The speaker replied that under the rules of the house a vote once recorded could not be withdrawn.

GETS STATEMENT

With the house in committee on the railway resolution, Hon. J. D. Reid supplemented the statement that was made to the house on Friday last, by the minister of interior. He dealt with the negotiations with the Grand Trunk railway company and with the circumstances leading to the road being placed in the hands of a receiver. Loans granted by the government and guaranteed of bonds since 1909 had totalled \$70,000,000 which was a considerable sum over what had originally been intended. The government felt, however, that it would have been national calamity to have created a financial crisis during the war. The G.T.P. system was placed in the hands of a receiver when it was found that the Grand Trunk company could not possibly meet their obligations. The acquisition of this system would give the government and the Canadian people the greatest system of railways on the continent owned by one corporation with a mileage of 21,780 miles.

REID SAYS NECESSARY
Mr. Reid said the acquisition of the Grand Trunk line was necessary for the economic operations of the lines the government had already taken over. In the Canadian Northern railway the government had a splendid system, but it was without branch lines or terminals in the east and could not gather freight in the east for shipment west.

If the Grand Trunk was not taken over, it would be necessary to spend over \$100,000,000 to \$200,000,000 for branch lines and terminals in the east in the next three or four years and the government would find that it still had two competitors for railway business in the Grand Trunk and Canadian Pacific railways. By acquiring the Grand Trunk the country for terminals and duplication would be averted.

Some newspapers had stated that the government was about to saddle the country with an additional handicap of \$12,000,000 yearly, but there was really no such handicap for the road in question had been paying interest on debenture stock and guaranteed stock. No default had yet occurred and there had been a certain amount to distribute in dividends to the shareholders. There could be only one ending.

Dr. Reid went on to state that the C.P.R. was one of the best managed railways in the world. It demanded efficiency on the part of its employees and would permit no interference with them. That was the way the Canadian National railways must be operated.

FOLLOWS C.P.R. POLICY
"So far as I am concerned," Dr. Reid proceeded, "I have been carrying on that policy with the systems we have. So far I have had very little interference or request from any one to do other than carry out that policy. I am afraid sometimes a little outside influence has been at work when I see certain questions on the order paper of the house, and when given disclosure of information to our opponents detrimental to our system. And when we get the G.T. and add it to our system absolute confidence in the management must be continued."

He believed there was plenty of room for the C.P.R. and the government railways. Both systems would be under the jurisdiction of the railway commission. No preference would be given to the government railways.

Mr. Stein: "Was the G.T.P. taken over because the Grand Trunk was in default in paying interest on the bonds?" Dr. Reid: "The G.T.P. was taken over because of the difficult position they find themselves in regarding the Grand Trunk Pacific."

U.S. ATTITUDE
Ottawa, Oct. 15.—Mr. Vrien wanted to know what attitude the United States government would take toward the Canadian government in the matter.

Mr. Neighen said that the arrangements were identical with those made with the C.N.R.
This system had lines operating in the United States and no objection had been offered by the United States government. Mr. Vrien asked if the government could guarantee a complete list of Grand Trunk shareholders.

Mr. Neighen replied that he understood the number of shareholders was somewhat over one thousand.
There was no complete list available.

Mr. Devlin remarked that the Grand Trunk stocks were being sold at a high price to the anticipated government purchase.
Mr. Neighen: "It is quite likely that these people who think the value of the stocks will be increased by the arbitration of award will be mistaken. Mr. Fielding observed that a four

HE FEELS FINE IN
THE MORNINGS NOW

Cameron Eats Better, Sleeps Better
and Works Better After Taking
Tanlac

"Yes, sir, I can recommend Tanlac for it set me right several months ago and I have been in the pink of health ever since," D. Cameron, a Tanlac man, made this statement while discussing his experience with a Tanlac representative, recently, living at 621 Canada St., Vancouver and is from the Northern Construction Company's Shipyards. Mr. Cameron has made Vancouver his home for the past thirty years and is known by hundreds of people throughout the city.

"It has been more than a year now," explained Mr. Cameron, "that I feel my appetite and my stomach began troubling me. For eight months, that is from the time my trouble first started until I got relief by taking Tanlac, I suffered more than I can find words to tell. My stomach was so upset that at times I could not even bear the sight of food. Many a time I have had to get up and leave the table without eating anything on account of being nauseated. What little I did manage to eat at any time would sour and blast me up so with gas that I would have to order to get a good breath. And sometimes this gas would cause my heart to palpitate so hard and fast that I could almost hear it and I would get so dizzy that I would have to grab hold of something to keep from falling and hurting myself. I also had pains under my heart that almost cut off my breath and was so nervous that the least noise would startle me. I could never get a good night's sleep and would get up in the mornings so tired and worn out that I felt absolutely unfit for work."

"But my lucky day came about at last, when some of the boys down at the shipyards got to telling me how Tanlac had helped them and persuaded me to try it. So I did and the results have been nothing less than remarkable. After using three bottles and that was some time ago—I was feeling as strong and well as I ever did and I am still feeling that way. I picked up eight pounds while taking it, and am still holding on to that increase. My appetite is so big that meal time comes too slow for me, and I don't believe anyone in Vancouver has a better stomach than I have. I am never troubled any more with palpitation of the heart or shortness of breath, and I never have a pain or a dizzy spell. And sleep—why, I never wake up a single time during the night and I always get up in the mornings feeling fine, and I don't have that tired, no-account feeling any more."

Tanlac is sold in Red Deer by Galt-Corbett Drug & Book Co., in Stettler by the Palace Pharmacy, Ltd. in Eckville by Eckville Drug Co., in Vester by Veteran Drug Store, in Fortbush by E. J. Hodge, and in Hespero by Macdonnell Bros.

LAST STEAMERS
LEAVE DAWSON

Dawson, October 17.—The steamers Dawson and Alaska sailed from Dawson Wednesday afternoon for White Horse, carrying a total of 250 passengers. The weather continues mild and prospects are good for the boats to reach White Horse. It also looks favorable for the steamers Yukon and Washburn to reach here from Circle. Both are believed to be en route. There is only light ice running but the water is very low on the Yukon in the upper river. The boats sailing from Dawson have several hundred thousand dollars worth of Klondike gold.

For captured a hole in the hull of the steamer Washburn on route from Iditarod to Dawson when below Circle City. The damages were repaired locally and the vessel proceeded and passed Circle City.

per cent stock guaranteed by the dominion government under normal conditions was a par value stock in the English market. "We are practically giving it at par value," he said, "People buying it at 50 would make an excellent speculation."

Mr. McMaster asked why the guaranteed stock was not treated as the preference had been treated and acquired after reference to a board of arbitration.

Mr. Neighen: "The government would have preferred that, and in order that we might go one step to meet the Grand Trunk we offered to treat the guaranteed stock as an obligation."

CONDITION OF ROAD.
Mr. Vrien asked the amount "which was to be paid by the government to put the road in good running condition."

Dr. Reid said the Grand Trunk management had assured him that the road was in good running condition at the present time.

Mr. Vrien retorted that the Drayton-Ackworth commission had reported it would take twenty-one million dollars to put the road in satisfactory running condition.

The government was prepared, Mr. Neighen said, to spend the full amount necessary and give the fullest consideration to the question. It was not a new matter brought to the notice of the house, for it had been considered for the last two years, more or less. The fullest information possible would be given to every member of the house. All intensions of the government to the government would be claimed by the government before the board of arbitrators, said Mr. Neighen. Any obligations of the Grand Trunk to the government must be taken into account in the same way as the other liabilities of the system.

PLANETS MOVING INTO
HUGE DANGER ZONE

EARTH WILL REEL FROM
MIGHTY SHOCK IN DECEMBER

By Prof. Albert F. Porta, Noted Sunspot Forecaster and Discoverer of "Portia's Weather Laws."

Owing to a strange grouping of six mighty planets, such as has not been seen in a score of centuries, the United States next December will be swept by the most terrific weather cataclysm experienced since human history began.

It will be caused by the hugest sunspot on record—a sunspot that will be visible to the naked eye.

Since men first began to make records of events no sunspot has been larger enough to be seen without the aid of instruments. This one will be.

The sunspot that will appear December 17, 1919, will be a vast wound in the side of the sun.

It will be a gigantic explosion of flaming gases, leaping hundreds of thousands of miles out into space. It will have a crater large enough to engulf the earth much as Venus might engulf a football.

Such a sunspot will be rich enough in electro-magnetic energy to fling the atmosphere of our planet into a disturbance without precedent or parallel.

There will be hurricanes, lightning, colossal rains.

It will be weeks before the earth will regain its normal weather conditions.

There will also be gigantic lava eruptions, great earthquakes, to say nothing of cold and fearful cold.

I make this startling prophecy with no desire to be merely sensational or alarming. It is merely because my study of the planets has revealed certain results with mathematical certainty that I now say to you: "Be warned in advance." Tremendous changes are now being made December 17 to December 20, 1919, and afterward.

Here are the simple, yet astounding facts that enable me to make this prophecy:

The planets in their orbits swing in great ellipses about the sun. The arc linked to the sun, and to each other, by chains of electro-magnetic energy whose compelling forces counteract each other and hold each planet in its regular path.

Whenever two planets wheel into such positions that they pull together on the sun—either in "conjunction" on the same side of the sun, or in opposition" with the sun between them—their united pull causes the sun's gases to "explode"—to leap out into space in the whirling volcano we call

SOVIET FACING
DISASTER

DENIKINE DRIVING A GREAT
WEDGE

London, Oct. 16.—Forced back by the onslaught of enemies on four fronts, the armies of the Soviet government of Russia appear to be facing a period pregnant with disaster. Gen. Denikine's Cossacks, from the south; Polish forces from the west; northwestern Russian legions on the northwest and northern Russian troops from the north have during the last few days forced ahead until it seems the Bolshevik armies are between the upper and nether millstones.

Petrograd is doomed to capture in the opinion of observers, Gen. Yudenitch being at Gatchina, only 25 miles south of the former Russian capital.

In the extreme north the northern Russian army has broken the resistance of the Bolsheviks, according to reports, and are pursuing the enemy toward Olenegorsk, a village about 150 miles west of Archangel. Further to the south it has forced its way far down along the Dvina river. Polish forces have captured Kovno, on the extreme northern end of their line.

DRIVE GIANT WEDGE
Denikine's men have driven a giant wedge into the central Russian as far as Orel and are thought to be on their way toward Tula, an important railway centre that is considered the key to Moscow. East of the Urals is Admiral Kolchak's army, but it is seemingly too far away to enter into a consideration as a vital factor in the action which is developing in Russia proper. Generals Denikine and Yudenitch and Admiral Kolchak are said to be operating in close co-ordination.

West of Gen. Denikine's army are forces of Ukrainians, who, while supposed to be hostile to the Bolsheviks have declared war on Denikine because of alleged atrocities perpetrated by the latter's soldiers on their advance toward Moscow. Reports have been received, however, that part of the Ukrainian army has joined Denikine, having been assured that the latter will wrest eastern Galizia and the province of Chelm from Poland.

FIGHTING ON AT RIGA
Advices from Russia state that Col. Avraam Bormann, whose sudden attack on Riga last week caused a sensation, has declared he began the campaign only for the purpose of the capture of the Duna river, the key against Moscow. This front is in the hands of the sectors held by Gen. Yudenitch and the Polish army. So far the known fighting is still in progress in Riga, but the exact situation there is not known. Germano-Russian troops under command of Col. Avraam Bormann, however, seem to have gained ground north of Riga having captured the town of Duna, according to reports.

WEDNESDAY, OCTOBER 22, 1919.

POLITICAL DEVELOPMENTS

The Manitoba Free Press, for many years the leading Liberal paper of the West, and now an equally staunch supporter of the Union Government, is not inclined to believe that the usefulness of the present Administration is by any means past, and says that circumstances appear to point in the direction of the definite formation of a Unionist party. The caucus held at Ottawa on Thursday, at which Sir Robert Borden expounded the policy of the government to date with certain foreshadowings of future policy, must be regarded as a step in this direction. The drift towards the formation of the party is perhaps not so much due to the desires of individuals as to the pressure of events.

There was no apparent reason why the expectations of those who joined hands in 1917 to carry out a definite war programme should not be fulfilled. The purpose then was to create an artificial party for a particular purpose which, upon the completion of its original purpose, would disintegrate into its original elements. That this has not happened is and is not now likely to happen, is the result of a series of events, some of them due to the actions of individuals, some the result of uncontrollable agencies.

It is perhaps worth while looking at political developments in the sister Dominions, says the Winnipeg paper, for the light that these throw upon our own situation. In New Zealand there was a coalition between the two recognized parties, Sir Joseph Ward leader of the Liberal party, and Mr. Massey, leader of the Reform party, joined forces and the result was the formation of a war government under a joint partnership with equal division of portfolios. This government remained intact until the peace treaty was ratified; then, the task to which they had set their hand being completed, Sir Joseph Ward and his colleagues retired; the old party lines re-emerged; and an election was held to determine whether the Liberals or the reformers are to be entrusted with the future administration of the Dominion.

In Australia events took a different course. There, too, a fusion government for war purposes emerged but it did not represent a coalition between two definite parties. The Labor party, which held office under the premiership of W. M. Hughes, was disrupted by differences over conscription and other war measures. About half the members of the government resigned and went into opposition followed by a majority of the Labor members. Mr. Hughes then formed a war administration by taking in the leaders of the Liberals; and the National Government, as it called itself, has since been kept in power by a combination of Laborites who still accept the leadership of Mr. Hughes and Liberals. Now that the war is over, there is no prospect of a reunion of the Labor party; the former find went too deep for any reconciliation. The dissident Laborites will form a distinct party and the coalition is expected to continue either as a new party under the title

National or under the name of the Liberal majority in the coalition.

Had events in Canada followed a course parallel to that which was taken in New Zealand the outcome would have been the same; the precedent set at Confederation would have been followed. But it was found impossible in Canada to bring the leader of the Liberal party and the leader of the Conservative party together in the same government; and when the dire necessities of war obliged a union of forces, it was preceded by a split in the Liberal party which was an inevitable under the circumstances—was accompanied by bitterness and by recrimination. Our situation more closely resembles that which obtains in Australia; and the outcome is likely to be the same. The reuniting of a party divided in the first place by profound differences about the war and with these differences inflamed by attacks and counter-attacks involving imputations of motives and aspersions upon personal character, is not to be readily accomplished even without the able and conciliatory leadership. Leadership of this kind in the section of the Liberal party which remained in opposition and which, taking Canada as a whole, undoubtedly retains a majority of the membership of the old party has been wholly lacking.

These circumstances lead the Free Press to conclude that a set of conditions have been created which favor the formation of a new political group, and the probabilities are that this will be the outcome of the discussions and negotiations now going on at Ottawa. Assuming that this is the outcome it does not however follow that, as a matter of course, the new Unionist party will set up in business with a membership made up of all the Conservatives in Canada plus all the Liberals who in 1917 supported the government's war policy. The moment the Unionist movement is transformed into the Unionist party, looking forward to programmes not of war but of peace, every Liberal and Conservative who is not recovered his complete freedom to decide his future political course. The moral contract entered into in 1917 will have been discharged in full; and it will be for each elector to determine for himself what his future political affiliations will be. The Unionist party leaders will have a natural and proper advantage in that, in the vast majority of cases, supporters of the Unionist movement will give sympathetic hearing and consideration to their claims for continued support; they will have a preferred position in the eyes of the electors. But the judgment of the electors, in the main, be given on the programme of the future; the appeal on the grounds of past achievement or of party loyalty will be relatively slight. In short, the Unionist party will be given a fair field and no favor; and it will have to make good or fall by the wayside.

What
are
Peps

Peps provides a new treatment for coughs, colds and lung troubles. They are little tablets made up from pine extracts and medicinal essences. When put into the mouth these medicinal ingredients turn into healing vapors, which are breathed down into the lungs, throat and bronchial tubes. The Peps treatment is direct, swallowing capsules, and it is the most effective, curing ailments and disorders in throat and lungs, is indirect. Peps revolutionizing the treatment of colds and their price is within the reach of all. All dealers, 5c. box. Send 1c. stamp for FREE TRIAL PACKAGE.

TRY IT ONCE

and we feel quite confident that you will never use ordinary ointments again for skin injuries and diseases. Because of its unique composition Zam-Buk ends all draws out inflammation and heals in the shortest possible time. Not only so, but it prevents, absolutely, any possibility of blood-poisoning. Get a box to-day and keep it handy for emergencies—thus saving yourself unnecessary suffering and expense.

For cuts, burns, sores, eczema, hemorrhoids, hemorrhoids, hemorrhoids, blood-poisoning, etc. Zam-Buk is unequalled. 50c. box.

CITY COUNCIL MEETING

The City Council met for its regular session on Wednesday last week with His Worship Mayor W. E. Lord in the chair, and Ald. Stone, Galbraith, Moyes, Collison, Simpson and Broughton present.

CORRESPONDENCE

Letter was read from the Western Electric Company in connection with street lighting, signifying their willingness to sign the amended agreement. The Council agreed and the necessary by-law passed its regular readings. This closes the differences between the City and the Company in regard to the new street lighting.

Various letters were read re the new treasury bills, showing that this matter had received the approval of J. B. Clarke, K.C., with regard to the issue of \$50,000, and the Commissioners have the offers to purchase well in hand.

Mr. Mitchell, C.N.R., wrote re taxes, etc., against the proposed railway through the city, and Commissioner Stephenson had given the desired information in an endeavor to get action on the tax arrears.

Galbraith wrote agreeing to rent the building lately occupied by H. F. Kenny.

H. Milton Martin, the provincial commissioner, on influenza accounts, wrote re the municipal district of Pine Lake account, pointing out that he had not received the evidence from the secretary-treasurer of that district which he desired, and would adjudge in the near future on that case.

Baskin, Dow and Bowman, the city auditors, gave the city a clean sheet up to August 31.

The Monetary Times wrote asking for an advertisement in the city of next year, but the Council decided against such action.

Premier Stewart acknowledged receipt of resolution re government. Payne & Graham assured the Council that the taxes against the Trump estate were a preferred claim and should be paid in full. The city has only received 10 per cent from the assignee.

The Dominion and Provincial governments wrote for statistics on various questions, the Commissioners pointing out that these requests entailed a lot of extra work for the city office. The Council rather objected to so much time having to be given up by the city staff to this work, but could see no other means of getting the required information.

COMMISSIONERS' REPORT.

The Commissioners brought in the following report:

1. A Deputy Mayor should be appointed for the last quarter of this year.

2. We submit herewith correspondence received re curfew by-law.

3. We have done the best possible to improve Gaetz Avenue North at as low a cost as possible, and are having the crossings extended to where needed.

4. The water services have been inspected and meters installed on four of the garages. There is one more to be installed when a heating plant is put in one garage.

5. The city water was analyzed lately and found to be free from pollution. The wells at the intake well will be cleaned out immediately and put in shape for winter.

6. We submit herewith tenders received for steam coal and report of Fire Chief Taylor on coal.

7. H. Stinson, Inspector for Western Canada Fire Underwriters Association, inspected the fire department and the waterworks system lately. We submit his printed report which we consider satisfactory.

8. We have rented the office building near the station to Gaetz Bros. at \$10 per month.

9. We recommend that steps be taken to open Victoria Avenue westward to C. and E. railway right-of-way. As the city owns the property it will cost very little to do this at the present time.

10. We submit departmental reports for September.

11. We submit statement of receipts and disbursements for September.

12. We submit statement of the Memorial Hospital for August.

13. We submit accounts for your authorization to pay.

All of which is respectfully submitted.

W. E. LORD,
 A. T. STEPHENSON,
 Commissioners.

The report was adopted.

CITY OF RED DEER

NOTICE

NOTICE IS HEREBY GIVEN that the voters' list for the City of Red Deer is now prepared open for inspection in the City office during office hours. As the list is compiled from the assessment list made in October, 1918, it is necessary to see that your name is on the list if you are entitled to vote.

Applications to have names added must be filed in the City office on or before November 1, 1919. Forms and information may be obtained there during office hours.

A. T. STEPHENSON, Secretary-Treasurer.

EXTRACT FROM MUNICIPAL ORDINANCE

"Any person who has been resident in the municipality in the then current year prior to the first day of July, and who is otherwise duly qualified, whose name does not appear on the voters' list, or who is not assessed on the roll high enough to be qualified as a voter, or whose name is put down in error or whose name has been omitted from the last revised assessment roll (provided that the taxes are first paid on the property or income in respect of which he claims a vote), may either by himself or agent apply to have the list amended upon giving to the clerk a notice in the following form:

LAND FOR SALE.

Approximately 80 acres of the S.W. ¼ of Section 29-35-27, W. of the 4th Mer. is offered for sale at \$25.00 per acre, cash.

LOTS FOR SALE.

The City of Red Deer is the owner of a number of lots which will be sold at a low price. Easy terms will be given. Full list and prices may be seen at the City Office.

GOD SAVE THE KING.

Fire Brigade 103.45, Dep. Min. Railways and Phones 1.75.

Ald. Collison was appointed Deputy Mayor for the next three months.

The consideration of the curfew by-law led to some correspondence between Aldermen Collison, Simpson and Galbraith.

The correspondence showed that only one place, High River, had a curfew by-law.

Other others had such a by-law on their statutes, but they were all dead letters.

Ald. Collison thought it was up to Ald. Galbraith to make a move seeing that the curfew by-law had fallen in such disuse in other places.

He thought the law only bred a contempt in the minds of the young people and he would like to see it taken from the statute books.

Ald. Galbraith said he could see from the tone of the various letters that it would not be fair to enforce it as a law, but he would like to see the bell rung, more as a time signal than anything else, so that the children could understand what time it was and for parents to instruct their children to be home at that hour.

Ald. Simpson thought the bell was more assurance than anything else during a meeting, and was very solicitous that it should not disturb the workshops on Sunday evenings.

He had often felt it very lonely when attending a quiet Sunday evening service to hear the clanging of the bell.

Ald. Galbraith remonstrated that service was generally over by curfew time, but Ald. Simpson insisted "not when he attended service."

Eventually Ald. Galbraith moved, and Ald. Collison seconded, "That in view of the experience recorded from other places, this Council suspend the operation of the curfew by-law for the present. That the city bell be rung at 9 o'clock instead of 8.45 p.m. in addition to the present hours of 7 a.m., 12 noon, 1 p.m. and 6 p.m."

On clause 6 of the tender of Hewson & Sons for 40 tons of McMillan Creek Coal at \$5.50, was accepted.

On clause 7 being taken, and the Inspector's report being read, Ald. Collison brought objection and pointed out that the light and water were off on Sunday night for nearly five hours, creating a serious position in the city in the event of a fire at such a time.

He was afraid of their position with the Fire Underwriters if such a thing had happened. He asked for the charts of the pressure on the mains to be tabled.

Commissioner Stephenson tabled a chart of Sunday night last, showing that the pressure varied from 30 to 75, and at 9.45 it dropped to zero, and at 3 a.m. it went to 105 and fluctuated up and down from 30 to 100. Three times during the night the chart showed over 100 the pressure on the mains which would do them a great deal of harm.

Ald. Collison thought this state of affairs was eventually going to cause trouble and thought they should have

NEWS FROM THE

Shoe Department

CHEAP SHOES ARE NOT ECONOMY

You may be able to buy cheap shoes at prices that mislead you into thinking that you are saving. You will actually lose money if you endeavor to save by buying prices rather than quality.

GOOD SHOES COST GOOD MONEY, but they are the best economy after all. Considering the increased cost of everything today, our stock of shoes is priced pretty low, and every pair is sold with our guarantee of satisfaction.

"Invictus" Shoes for Men

Give all that the most exacting can require in style, comfort, wear and economy. Our fall stock of "Invictus" is complete in the smartest and most popular lasts. They are in Patent, Gun Metal and Velour Calf in Blacks and New Shades of Brown.

Priced at \$10.00 and \$12.00 per pair

Men's Neolin Sole Boots for Fall and Winter at \$8.00

This is a very smart boot of Black Calf Leather, and is especially suitable for fall and winter wear. Made in a stylish English recede toe, Goodyear sewed soles in black or white Neolin sole and heels. All sizes. Special at \$8.00 Pr.

Men's Mahogany Calf Boots, Special, \$7.00

We have only a small stock of this boot left. All sizes are here, but they will not last long at this price, which is much below the makers' cost today. They are made on a neat stylish last, with round toe and neat heel in dark mahogany color, Goodyear welt soles. Special at \$7.00.

Men's Dancing Pumps

Smart dancing pumps for men in finest grade Patent Leather; have light flexible turn sole and silk bow on vamp, low heel. All sizes. Priced at \$7.75.

NEW EVENING FOOTWEAR

Just here in time for the "Alexandra" dance. There is variety enough to meet every woman's style needs.

Each model has exquisite lines and reflect the highest attainment in the art of shoemaking. It is truly a pleasure to show these beautiful new models.

PATENT, NOBBY, PLAIN PUMP

Long, graceful forepart; flexible turn sole; Louis heel; extremely neat; here in two widths. Price \$8.00

WHITE KID PUMP

An extra fine selected grade of White Kid is used for this gracefully designed new pump. Long slender vamp with smart Louis heel, very attractive appearance, two widths. \$11.00

PLAIN KID PUMP

Exceptionally desirable is this plain nice Kid Pump because of its distinctive style and high grade materials and workmanship. For the lady who desires comfort and style. Louis heels, with turn soles, in two widths. \$8.50

PATENT PUMP

WITH NEAT MEDIUM SIZE SILVER BUCKLE

This is an exceptionally smart pump. The silver buckle on patent background makes it very smart. Long slender forepart with Louis heel; widths B. C. D. Price \$9.00

We also have a large variety of styles in strap slippers and pumps in Patent Leather and Kid. Price from \$3.50 to \$6.50

Plain and Fancy Ribbon FOR ALL PURPOSES

Our stock of Ribbons was never more attractive than it is to-day. There are ribbons for the making up of all kinds of gifts—for trimmings and millinery. There is a great variety of widths from 1/2 in. to 6 inches wide, in fancy stripes, checks and floral effects, in beautiful rich colorings; also in plain colors. Priced from 10c. to \$1.50 yard.

GROCERY DEPARTMENT

This season finds us splendidly prepared with a big well-selected stock of seasonable merchandise—purchased much in advance, and so reasonably priced that we are enabled to materially help in keeping down the high cost of living. This week, our Grocery Section offers some notable savings.

SYRUP

Why not use syrup for cooking? It's good, and saves sugar.

M. D. OF PINE LAKE

The Council of the Municipal District of Pine Lake met at the City Council Chamber, Red Deer, on Tuesday afternoon. There were present: Mr. W. R. Reay, Reeve, in the chair; Mr. Durrah, Mr. Fiske, Mr. Eggen, Mr. Stuart, Mr. Eldon Pixley, and Mr. J. W. Hay, secretary-treasurer. Mr. H. Pixley had been elected by acclamation in Division No. 2 to take the place of ex-Reeve Fiske, and had taken the oaths of qualification and office.

The Assistant Director of Surveys enclosed blue prints of Plans Nos. 3191 and 3192, showing diversions in S.W. 1/4 of 3-28-26, W. 4th, also preliminary agreements for surveyed road in W. 12-36-26 and N.W. 1/4 and 4-30-26, W. 4th, at Pine Lake. Mr. Atter wanted something better than wire gates. Mr. Durrah was authorized to make some satisfactory arrangement.

Dr. George, M.H.O., reported on small pox case of Miss Maxwell, school-teacher, near Penhold, and the vaccination of school children in contact with her. The teacher was completely recovered, with no other cases.

The Deputy Minister of Municipal Affairs wrote that the M. D. Council was empowered to advance money for feed for horses required for farm work this fall, in the same way as they advanced the seed grain and feed last spring under the Municipal Districts Seed Grant. The Government will guarantee the loans. They were also to guarantee for seed grain and feed advanced for the spring of 1920.

Also that moneys collected for the different Provincial taxation districts must not be deposited to the credit of the M. D. general account, but to separate trust accounts. The Provincial Superintendent of Insurance enclosed copy of Fire Prevention Act which came into force July 1, 1919. Fires are to be reported, and a Fire Inspector will come down to investigate local conditions. It is a co-operation in the effort to prevent unnecessary waste of life and property. The Chief Publicity Commissioner asked the names of threshers in the Municipality.

Mr. W. J. Jackson, secretary of the Alberta Association of Municipal Districts, wrote re result of his visit to Ottawa re arrears of taxes on certain classes of unpatented Crown lands: over \$40,000 was detailed in arrears in three provinces. Hon. Mr. Meighen announced the department that his Department would not allow any occupant of Crown lands held under homestead entry for five years or more that if patent was not applied for within a specified time the entry would be cancelled; would more rigidly enforce the regulations regarding homesteads and pre-emption, so that an occupant would be compelled to complete his duties or lose his land; would cancel all school land and Indian reserve land contracts, unless arrears were promptly paid. Dominion Lands agents will furnish free of charge a list of unpatented lands held under entry in any M. D. The departments and agents will co-operate in every way to help the municipalities.

The Hail Insurance Board reported a rate of 6 per cent, or 48 cents per acre for \$1 insurance. This provided for payment of losses of \$50,000, all expense, and of provision of surplus of about \$100,000. The levy on this district was \$3,199.56, the losses (seven claims) \$34,453. The heaviest loss (seven claims) was \$77,355.50. Sturgeon coming next with \$63,708.52. Mr. Emma Siostra, of Madella, Minn., found that the Government owned a road across one corner of her land, viz. S.E. 1/4-37-26, W. 4th, without making any provision for compensation. Mr. Hey will write the Department concerning the matter.

Sunny Emery and Chadwick, barristers, Calgary, wrote re moneys paid and payable for gravel taken by the Municipality from lot 14, College Park acreage, S.W. 23-33-27, W. 4th, payment for said property being in default. Nuchmann to Hettlinger. Mr. Hey will write. Hettlinger was willing to take the land back, it appeared, on payment of these moneys.

W. B. Gould, Winterport, Maine, wrote re taxes and arrears on South 1/2 of 25-37-26, W. 4th. Mr. Gould wants to sell.

A. S. Stewart, A.L.S., formerly with the Department of Public Works, Edmonton, was prepared to undertake any surveys at the rate of \$15 per day, the Council to give the services of one man. The Council will ask Mr. Stewart to make surveys, to road diversions required and waiting. Pay sheets 47 to 53, totalling \$918.25, were passed for payment.

The following accounts were passed for payment: Western General Electric Co., \$13.35; A. W. Ford, \$2.50; Manning-Sutherland Co., \$14.10; R. A. Lund, \$7.80; W. Brown, \$5; R. M. Moore, \$5.80; Day Hardware Co., \$1.50; Dr. George, \$30; H. E. Bawinheimer, \$15.00; Windsor Garage, \$4; Kelly-Powell Co., \$2; W. Wiseman, road dragging, \$5; Cushing Bros., \$37.48; Attorney-General of Alberta, moneys allowed, \$38; Dr. Darragh, medicines and inspection, \$48.10. Total, \$238.43. The next meeting was fixed for Tuesday, November 18.

The tractors on bridges by law will be advertised in the papers. Mr. J. J. Gaetz, M.P.P., consulted with the Council respecting stock brought into the M. D. for grazing purposes solely, which had occupied the open range when resident farmers used to depend for pasture. Mr. Hey will write a memo giving details for Mr. Gaetz.

Mr. J. J. Gaetz, M.P.P., consulted with the Council respecting stock brought into the M. D. for grazing purposes solely, which had occupied the open range when resident farmers used to depend for pasture. Mr. Hey will write a memo giving details for Mr. Gaetz.

The Council has been wrestling most of the summer with a bill to regulate the running at large of stock, but have not been able to get one to satisfy the Department. The Council do not want to establish pounds, but they want a bylaw to reserve the range for residents in a fair way. The bill now does not cover the present situation. The only remedy, apparently, is to

limit the amount of stock which the owner or lessee of a quarter section can hold. The incoming of the southern cattle is a serious matter, and on small owners in the broken country round Pine Lake and south of it. The Council adjourned at 4 p.m.

PROFIT OF FIFTY PER CENT. NEEDED IN SHOE TRADE

REGINA DEALER SAYS LESS WOULD FORCE MAN OUT OF BUSINESS

Regina, Sask., Oct. 15.—"Everything seems to be fair in the boot and shoe business," was the way Counsel W. F. Dunn, for the boards of given this morning at the continued inquiry into the prices of footwear. John T. Lawton and H. N. Loggie, representing Loggie's Limited, were the only witnesses examined, and while they admitted that their profits had increased since pre-war days they did not consider them exorbitant. On the average shoes were marked up 50 per cent. above the cost price, and any less profit would force a man out of the business. They could not get along on less.

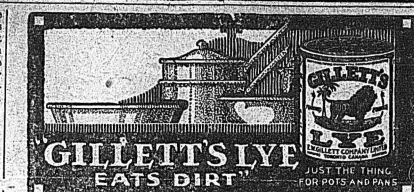

They knew nothing about the published statement that the prices of shoes had dropped 30 per cent. since August, and the market here had not been affected. It was certain, however, that the boots and shoes being brought now for spring delivery were higher in price, and in many cases prices would advance about 50 per cent. next spring.

Mr. Lawton submitted financial

statements which showed that for the two years ending January, 1916, his profit had been \$725 per year, but for this year, basing the estimate on the business for the first half of the year, his total profit would total \$7,500. H. N. Loggie produced figures to show that his business is bringing in a profit of 33 per cent. on a \$14,000 capital.

CANADIAN ADVANTAGE IN CHILLED MEAT TRADE

In the opinion of Mr. H. S. Arkell, Live Stock Commissioner, who spent several weeks in Europe during the past summer, studying the market situation, Canada cannot compete with the Argentine and Australia in frozen meat. It was learned, however, that owing to the shorter haul, Canada has an advantage in the export of chilled meat. In a statement of Mr. Arkell that appears in The Agricultural Gazette for October, the difference in price in favor of chilled meat is from one shilling to two shillings per pound. Canadian packers, it is pointed out, are thoroughly investigating this trade and preparing themselves for it when the proper moment arrives. The production of a sufficient quantity of high class meat will alone make this trade possible. Mr. Arkell further points out that the cattle business of Canada can be made a great success if we set ourselves seriously and with determination to the task. Otherwise it will prove a dismal failure. In this business, however, more than in any other, the channels of distribution must be widened. In this the producers themselves have an important part to play.

Organization for 1919 Victory Loan Will Be Most Complete

The interest taken in the 1919 Victory Loan is growing daily. Business men throughout all Canada, and particularly in Southern Alberta are banding themselves together for the purpose of making Canada's last appeal to her people the most successful domestic loan which has ever been floated. The loan will be advertised in many attractive ways and the appeal to the patriotism of every true Canadian will be well responded to. Canada is today in the position of a big business house reconstructing her affairs. She is making money, but needs more capital to carry on. She is re-establishing her soldiers in a more complete way than probably any other country has ever attempted. It is due these men that they should enjoy every advantage to help themselves that Canada can give them. All classes of Canadian people in all trades benefit directly by this distribution of money—the farmer, the artisan, the manufacturer, lumberman, miner, fisherman and merchant. The working capital needed for this gigantic business can be obtained only by borrowing, and it is in every way desirable that the amount required should, if possible, be raised within Canada itself. The war was not won with the signing of the armistice; it will not be won by the signing of the peace; it can only be won definitely and finally when every returned man is re-established, and when Canada stands pre-eminently among her neighbors. Every returned soldier should be an enthusiastic booster for the 1919 Victory Loan. Don't demobilize your patriotism with your uniform. You are today asked to boost the Victory Loan as a good citizen of Canada. The Victory Loan has no politics. It is a national enterprise to supply working capital so that Canada may carry on.

"I Hope Every City and District Will Win My Flag"

When Edward, Prince of Wales—eager, bright eyed, smiling and sincere—arrived in Canada in August, and when he voiced his great admiration of the wonderful achievements of Canadians, on the fields of battle and at home, once again we were thrilled with joyous pride.

He asked concerning Canada's reconstruction programme, and when he was told of the Victory Loan 1919, he graciously consented to the use of his Coat of Arms on a flag, which is to be the prize of honour for districts achieving their quota in the loan.

In dedicating "The Prince's Flag" at Ottawa on Labor Day, His Royal Highness said in part:—

"It is a great joy to me to be associated with the loan, which is the bridge between war and peace, and which is fulfilling of the job."

"Striking and beautiful in design, this flag will form not only a unique memento of Victory Year, but a lasting and outstanding souvenir of the visit of His Royal Highness—a visit which will remain as one of the most memorable events in Canada's history."

The reproduction above shows the design of the flag. The body is white, the edge red, in the upper left hand corner is the Union Jack, and in the lower right hand corner the Prince of Wales' Coat of Arms.

The flag is made in two sizes, 4 feet 6 inches by 9 feet for small cities, towns and villages, and 7 feet by 13 feet for cities of over 10,000 population.

Canada has been divided into canvassing districts by the Victory Loan Organization. Each city forms one district. Other districts have been determined, according to population.

Each of these canvassing districts has been allotted a certain amount in Victory Bonds to sell. To win the Prince's Flag, therefore, a district has to sell its allotment. That is the one and simple condition.

Anticipating that many districts will buy far beyond their allotment, the organization decided that for each twenty-five per cent. excess of the quota one of the Prince's Flags should be awarded. Thus the workers in a district doubling its quota will be the proud winners of four small crests for their Honour Flag. These crests will be sewn to the flag. The Prince's Crest—

the three ostrich plumes—is shown at the top of the coat of arms.

To every organization with fifty or more employees, where seventy-five per cent. of the enrollment invests a total of ten per cent. of the annual payroll in Victory Bonds, a supplementary Prince of Wales Flag in small form—48 inches by 34 inches—will be awarded.

The allotment for each district has been carefully considered, and is based on a conservative estimate of the purchasing power of the district.

Your district can sell its allotment and thus win the Prince's Flag, provided each person does his or her share.

You will gladly do your part and encourage your neighbour to do his.

Remember YOUR purchase may be the one that decides whether or not your district is to be the proud possessor of the Prince's Flag.

**The Prince's Motto is "I Serve"
Will You also Serve?**

Victory Loan 1919

Issued by Canada's Victory Loan Committee
in co-operation with the Minister of Finance
of the Dominion of Canada.

BRUMPTON & GAETZ, Limited

There is a vigor and enthusiasm about the fall swing of trade that has a charm all its own. It's the last lap in the year's business and we seem to gather all our energy for the final effort. For months and months we have been preparing for it. Goods have been bought from many centres and now they are coming in upon us with a rush, and every spare moment is devoted to checking, marking and placing in stock the new arrivals. Since the last issue of this paper we have received a nice shipment of piece goods, including serges, gabardines, tartan plaids, poplins, silks, satins and crepes. Also some very delightful and exquisite silk lingerie, just fresh from the makers that you will have to see to appreciate. We cannot tell you how pretty it is in an advertisement. Ask to see it the next time you are in the store.

WOMEN WHO ARE INTERESTED IN

SILK UNDERWEAR

WILL BE DELIGHTED WITH THE NEW SHIPMENT JUST RECEIVED

For wearing qualities, comfort and daintiness, Silk Underwear takes the lead, and regrets never follow its purchase. In this shipment that has just come to hand and is now on display for your inspection, you will find values that will appeal to your good judgment.

Here are a few of the lines:

CAMISOLES in good quality Silk; Pink, Flesh and White, daintily trimmed with lace, at from **\$1.40 to \$4.50**

COMBINATIONS in styles you will appreciate, in Crepe de Chine and in Wash Satin; trimmed and embroidered in pastel shades; from only **\$4.00 to \$9.75**

NIGHT GOWNS of most attractive styles. To be real honest they can be described as bewitching. In Crepe de Chine and Silk; in shades of Flesh and White; from **\$7.75 to \$15.00**

AUTUMN MILLINERY

We still have a very excellent assortment of Fall Hats from which you may make your selection. As you know, Brown, in its various tones, is very popular this Fall and we still have some nice models in this shade. We would like you to see our Feather Hats in Taupe, White, Green and Black. We learn that they are very popular from Coast to Coast this season.

Silk and Georgette Dresses

Plum Colored Messaline Silk Dress, in straight coat effect, trimmed with girdle and with covered buttons. **\$35.00**

MEN'S MACKINAW CAPS will defy the coldest weather. We have them in a variety of shades and but one price, namely **\$3.00**

MEN'S CORDUROY PANTS are good sellers anytime, but particularly at this season of the year. So far we have sold about two pairs for every one pair sold last fall. Real English Cord **\$7.50**

A New Shipment of Handsome Serge Dresses

Now on View, Selling at \$13 to \$60 each

The woman who sets out to buy a new dress today has a rare treat in store when she finds this most interesting collection. Such smart styles and clever trimming ideas it has rarely been our privilege to find in any one consignment. The majority of the dresses are handsomely embroidered with braid, and a few are neatly decked with beads. The trimming is presented at the neck, on the front, on the belt, in elaborate panels down the sides, and occasionally on the entire skirt. They are dresses that are really distinctive, and well worthy of your special inspection.

BURGUNDY SERGE DRESS, sand poplin vestee and collar. **\$16.00**

GREEN SERGE DRESS with loose pockets, girdle and white poplin collar, at **\$13.00**

BLACK SERGE DRESS with embroidered pockets, vest and cuffs, priced at only **\$19.00**

NAVY SERGE DRESS, particularly handsome style; skirt in tunic effect and embroidered with taupe silk. It's a bargain at **\$25.00**

NAVY BLUE SERGE COAT DRESS with military braid, novelty sleeves and white poplin collar, at **\$25.00**

NAVY BLUE SERGE DRESS trimmed with military braid, novelty pockets, and vestee **\$25.00**

GREEN SERGE DRESS, embroidered in gold, at **\$25.00**

DELPH BLUE SERGE DRESS with novelty pockets, loose girdle and buttons; trimmed with American Beauty silk **\$30.00**

NAVY BLUE SERGE DRESS in a distinctive simple style with silk sleeves and crushed girdle; silk pockets, trimmed with covered buttons; Priced at only **\$30.00**

NAVY BLUE DRESS with tunic effect, trimmed with braid. **\$30.00**

NAVY BLUE SERGE DRESS trimmed with rows of military braid; at only **\$32.50**

NAVY BLUE SERGE DRESS with tunic effect, trimmed with braid, buttons and colored embroidery, at **\$36.75**

A tastefully modelled DRESS OF NAVY SERGE, deep jet embroidery design shown on the skirt and a smaller design on the blouse; black silk sleeves and loose girdle **\$60.00**

Handsomeness in Fall and Winter Coats

Handsomeness in Fall and Winter Coats made from materials of rare excellence and trimmed with fur collars, very moderately priced. When the cold Autumn winds and the chill of Winter come, your comfort will be assured if you wear one of these quality Fur Trimmed Coats.

BLACK PLUSH COAT in Cape effect, belted across the front; handsome light colored fur collar **\$90.00**

BLACK "SALT'S" PLUSH COAT, belted style with fancy lining at only **\$56.00**

VELOUR COATS in Green, Brown and Taupe. We are showing some lines here that we doubt if you will see their equal at the price anywhere in the Province. We wanted to have something at a very moderate price for those who feel that they cannot go too high, and have marked these garments with them in mind. We especially refer to our line at \$37.50. All of these Velour Coats come with full belted effect, or plaited; trimmed with buttons or shirred and belted style. Prices range from **\$27.50 to \$55.00**

NOTICE

We have arranged for several cars of dry Jack Pine and Spruce wood from the west, and will from now on be able to supply our customers with the best of wood; but on account of higher priced timber, we are compelled to charge \$2.00 per load instead of \$2.75.

KIDWELL BROS.

The Aftermath of Action

(By Henry Chas. Suter)

THE LOST—FOUND

It was Sunday night behind the lines, and they were wandering back from the "Y" but where they had been having the usual service and singing. "One of their number whistled the tune of a hymn they had been singing. "When the roll is called up yonder," the rest of the men kept step with it as they marched. "Say! what did you think of the padre's sermon tonight, boys?" asked six feet of Christianity. He had earned that name because he was a genuine good fellow and certainly a Christian, though perhaps not very inclined at times. He would always take a lead in the camp when the padre needed a hand, and the fellows usually listened to Six-foot's projects and purposes even if they didn't always obey them. They usually said, "let Six-foot do it," thus respecting his ability even though they often rejected his invitations. However, they liked to have Six-foot at the head of affairs, and usually followed his dictates concerning the

camp meetings because they knew his dealings were always honest and fair. There was no bawdiness on Six-foot's part, though his efforts were none the less earnest on that account. So he led them, I say, in religious affairs, but did not drive them. "That sermon sure was good," the fact is, that if they don't seem inclined to accept it, and haven't been good fellows in the past, they don't seem inclined at the eleventh hour to change and seek a sort of exemption of punishment from past sin by putting it on someone else's shoulder. Neither do they fear that they may not have another chance to confess their sins, because they are about to face pain, perhaps death and eternity. I know many of our fellows have gone astray and have done

wrong again and again, but I have a notion that God will know how they lost the way, and He will be pleased more of how they found the way home again, and He knows they are coming home by way of the sacrifice and service for humanity. Some of them haven't done much praying in their lives or at least since they left their mother's knee, but I'm sure they are not going to start just because they are hobnobbing with death. You can't frighten these men about the hereafter, in fact these are the men that will never be afraid again. No! They were applied and the train came to a stop. The conductor rushed along and asked, "Who pulled that bell cord?" "I did," calmly replied the old lady. "Well, what do you want?" asked the guard. "A cup of coffee and a ham sand-wich."

WHAT SHE WANTED.

An old woman was travelling by train for the first time in her life. After calmly surveying everything in the compartment, she turned to a pointing boy and, pointing to the communication cord, asked "What's that?" "That's the bell for the waiter in the dining car," The old woman hooked the end of her gingham over the cord and gave it a vigorous jerk. Instantly the brakes were applied and the train came to a stop. The conductor rushed along and asked, "Who pulled that bell cord?" "I did," calmly replied the old lady. "Well, what do you want?" asked the guard. "A cup of coffee and a ham sand-wich."

MISSED FIRE

"Robson," do you know why you are like a donkey?" "Like a donkey?" echoed Robson, opening his eyes wide. "I don't." "Because your better half is stubbornness itself." The just pleased Robson immensely, for he at once saw the opportunity for a glorious dig at his wife. So when he got home, he said: "Dear, do you know why I am like a donkey?" He waited a moment, expecting his wife to give it up. But she didn't. She looked at him somewhat pityingly as he answered: "I suppose it is because you were born so."

CORRESPONDENCE

Dear Sir,—

Just a word for the Christian Science Church. This denomination did more practical work for the men in France than any other denomination. If a soldier wrote to a Christian Science doctor, they would send him a swifter, surer, skull cap, wristlets, and 2 pair of socks, and you don't hear them shaking off about it, either. Every St. D. in the British Army practised the teachings to a certain extent. Eminent doctors have said before today, "It is not the physician I prescribe but the confidence a patient puts in me that cures." I poor fishermen could work miracles it may be possible today. I belong to the international church when it comes, but our present civilization may not be able to commercialize it.

Opposition is the life of trade. Farmers, we want your cream in our business. The Swift Canadian Co. are paying the highest cash prices for cream and poultry. E. R. Hill is handling the goods and will give you a square deal every time.

The Ladies' Auxiliary of the G.W.V.A. have decided to open a rest room in the armories for the use of members from the country during the winter months. The room will be open every Saturday afternoon, commencing November 1st. A ten cent tea will be served from 3 to 5.30 o'clock. All members are cordially invited.

Red Deer very seldom has such an opportunity to hear a concert of such excellence as that which will be given next Wednesday evening in the Methodist Church by the Apollo Concert Company as the second number of the Lyceum Course. This company is composed of five artists who will give a program full of variety and charm, including instrumental solos on various instruments, vocal solos, readings, and selections on the Apollo phone. The single admission for adults will be \$1.00, for children 50 cents. The programme will commence promptly at 8.30.

When You Hear

The New Edison

"Re-Create" a song or an instrumental selection, you never think of it as a photographic reproduction.

On the contrary, you find it hard to persuade yourself that the music does not come from the living artist.

We would be pleased to demonstrate to you at any time the superiority of

The New Edison "The Phonograph With a Soul"
